BERNARD SIMON

1714 Edgewood Rd #A ~ Parkville, MD 21234 ~ (443) 823-8819 ~ bernie.simon@gmail.com

PROFILE

I'm a software developer with over thirty years of experience with a variety of technologies.

PROFESSIONAL EXPERIENCE

SPACE TELESCOPE SCIENCE INSTITUTE, Baltimore MD   **1985 – Present**
Senior Developer
My most recent work has been for computer support, developing and
supporting database backed web applications. Before that, I was part of the
Scientific Software Group, developing astronomical software. I started
work at the Space Telescope as part of the team that created the Guide
Star Catalog.

Ketron Inc, Towson MD   **1977-1985**
Research Analyst
As a research analyst and programmer I developed computer simulations
of weapon systems and analyzed experimental data.

EDUCATION

UNIVERSITY OF MARYLAND, College Park, MD
Bachelor of Science: Physics and Astronomy
